Silver Jubilee Celebrations

National Scientific Seminar

on
Organon & its relevance in clinical practice
and

Special Hints on Therapeutics

3rd February 2008, Sunday
A.K.G Hall, Thiruvananthapuram

Sir/Madam,

Govt. Homoeopathic Medical College, Thiruvananthapuram, the premier Homoeopathic Medical College in Asia, is proudly celebrating its Silver Jubilee Celebrations. Established in 1983, the college has been steadily progressing in academic as well as clinical realms, setting a model for centre of excellence. The college is offering Post Graduate & Graduate programmes and Nurse Cum Pharmacist (NCP) Course. The hospital attached to the college, caters to the healthcare needs of the people with a 100 bedded In-Patient Department, Palliative Unit, Critical Care Unit, Out-Patient Department with above 600 patients daily and Clinical Laboratory with X-ray, ECG & USS facilities

As part of the celebrations, a National Scientific Seminar is being held on 3rd February 2008. The seminar will be focusing on 'Organon & its relevance in clinical practice' by Dr. Mahendra Singh, Principal (Rtd), Hom. Medical College, Calcutta and 'Special Hints on Therapeutics' by Dr. Chandrasekharan, Chief Medical Officer (Rtd), Dept. of Homoeopathy, Govt. of Kerala.

We request your esteemed presence for the seminar

With regards

- : Dr. Mahendra Singh
- : Tea Break

- 3 - 5 pm : Session III

Special Hints on Therapeutics Dr. Chandrasekharan

- 5 pm : Valedictory Function

Dr. Mahendra Singh

Hailing from Bihar from an ordinary family, he graduated from The Calcutta Homoeopathic Medical College in 1960. Started teaching Organon since 1962. He is known for his concern to the poor, downtrodden and suffering people. This he inherited and enriched from his family. He held various positions as a teacher of Organon and Principal of CHMC. He rose to the national arena as Chairman, Education Committee, CCH. He was elected as National President, HMAI. He has authored several books to his credit. His latest work - First corrected, re-translated and redacted edition of Organon of Medicine is amazing. He has learnt German to do this great work.

Dr. Chandrasekharan

Dr. Chandrasekharan is one of the best homoeopathic physicians in Kerala. His humble behaviour and his vast knowledge in all departments of medicine has earned him a great name not only among the Homoeopathic community but also among the proponents of modern medicine. The clinical experience of this wonderful master as a teacher in Nemom Sree Vidyadiraja Homoeopathic Medical College and as Govt. Medical officer in various parts of Kerala and as a very successful private practitioner brought much acclaim to homoeopathy. His 'Talks on Therapeutics' is being published in series by IHMA, two volumes of which have turned out to be a valid reference book for homoeopaths.
